

EDRAWER WORKSTATION INSTALLATION

Please download the latest installers from the following links:

http://www.pinpointdms.com/files/docprint_pro_setup.exe

http://www.pinpointdms.com/files/edrawer_workstation.exe

Set up eDrawer.

1. Run edrawer_workstation.exe.
Right-click and select Run as administrator.

Set up docPrint.

1. Run docprint_pro_setup.exe.
Right-click and select Run as administrator.
2. Start DocPrint Program and enter the following License Key to activate:
7550QK5PLSSOKE53

Apply your eDrawer license.

1. Copy pcontrol.dbf from an existing workstation or request a copy of your current license from LSSP. Place the file in the location eDrawer was installed to (Default: C:\Program Files (x86)\LSSP Corporation\eDrawer).

Set up eDrawer to always run as an administrator.

1. Navigate to the directory eDrawer was installed to in Windows Explorer. The default location is C:\Program Files (x86)\LSSP Corporation\eDrawer.
2. Right-click on eDrawer.exe, then select Properties.
3. On the Compatibility tab, select Change settings for all users.
4. Check the box for Run this program as an administrator.

eDrawer Configuration

1. Start eDrawer
2. Click on Configuration
Password : Five%1940
3. Click on Maintain File Rooms.
4. Click on New to add a new fileroom. You may need to delete the default fileroom location first.
5. Browse to or enter your fileroom directory path.
6. Enter a name for the fileroom in the File Room Name field.
7. Click Save.
8. Click Select.
9. Click Save and Exit.
